East Franklinton Parking Management Plan

The City of Columbus developed a city-wide Strategic Parking Plan (SPP) that governs parking management decisions to support the growth and development of our urban core neighborhoods. The SPP analyzes existing conditions and recommends parking management strategies and parking demand management tools for the following areas: Downtown, University District, Franklinton, and South of Downtown Neighborhoods. For more information on the SPP, visit https://www.columbus.gov/publicservice/parking/Strategic-Parking-page-4

<u>Plan/</u>

Division of Parking Services 2700 Impound Lot Road Columbus, Ohio 43207

PLAN FACTS

Expand paid parking to support development & increased demand

Create consistent & appropriate paid parking time limits

Encourage turnover to meet emerging business needs

Minimize
infrastructure by
removing existing
parking meters &
adding kiosks in high
demand parking areas,
adding mobile pay
only in lower demand
areas

EF Permit Parking will not change or expand

Implementation May 2021
